Clause 2. SUBCONTRACT ISSUES AND DISPUTES (SPECIAL) (SEP 2007)

Derived from NREL 08.100-01

(Applies to all subcontracts.)

- (a) It is NREL's practice to try to resolve all contractual issues by mutual agreement at the NREL Subcontract Administrator's level, without litigation. Both parties hereby agree to explore all reasonable avenues for negotiations in order to avoid a dispute. Either party may provide written notice to the other party to conduct negotiations for a period not to exceed sixty (60) calendar days. After sixty calendar days, if possibilities for negotiations have failed, either party shall have thirty (30) calendar days to request that the potential dispute be moved to Alternative Dispute Resolution (ADR). Within fifteen (15) calendar days after receiving a request to move to ADR, if ADR procedures are not acceptable to the non-moving party, a written explanation citing specific reasons for rejecting ADR as inappropriate for resolution of the dispute shall be provided to the moving party. If the parties are unable to agree on the application of ADR procedures to resolve the potential dispute or are unable to satisfactorily resolve the dispute using ADR procedures for a period not to exceed ninety (90) calendar days (or such longer period as mutually agreed in writing), the parties shall resume the formal process authorized in this clause.
- (b) The parties agree that the appropriate forum for litigation of any dispute pertaining to this subcontract shall be a court of competent jurisdiction as follows:
 - (1) Subject to paragraph (b) (2) of this clause, any such litigation shall be brought and prosecuted exclusively in Federal District Court; with venue in the United States District Court of Colorado in Denver, Colorado.
 - (2) Provided, however, that in the event the requirements for jurisdiction in any Federal District Court are not present, such litigation shall be brought in a court of competent jurisdiction in the county of Jefferson and State of Colorado.
- (c) Any substantive issue of law in such litigation shall be determined in accordance with the body of applicable Federal law relating to the interpretation and application of clauses derived from Federal Acquisition Regulations (FAR) and the Department of Energy Acquisition Regulations that implement and supplement the FAR. If there is no applicable Federal law, the law of the State of Colorado shall apply in the determination of such issues. Conflict of law provisions shall not determine applicable governing law. Nothing in this clause shall grant the Subcontractor by implication any statutory rights or remedies not expressly set forth in this subcontract.
- (d) There shall be no interruption in the prosecution of the work, and the Subcontractor shall proceed diligently with the performance of this subcontract pending final resolution of any contractual issues, disputes, or litigation arising under or related to this subcontract between the parties hereto or between the Subcontractor and lower-tier Subcontractors or suppliers.
- (e) The Contract Disputes Act of 1978 (41 U.S.C. Sections 601-613) shall not apply to this subcontract; provided, however, that nothing in this clause shall prohibit NREL, in its sole discretion, from sponsoring a dispute of the Subcontractor for resolution under the provision of its prime contract with DOE. In the event that NREL so sponsors a dispute at the request of the Subcontractor, the Subcontractor shall be bound by the decision of the cognizant DOE Contracting Officer to the same extent and in the same manner as NREL.
- (f) Any disputes relative to intellectual property matters will be governed by other provisions of this subcontract.

Unless the Subcontractor has filed within the twelve (12) months preceding the date of subcontract award, the Subcontractor shall, within thirty (30) days after subcontract award, apply to either the regional Office of Federal Contract Compliance Programs (OFCCP) or the local office of the Equal Employment Opportunity Commission for the necessary forms.
 - (7) The Subcontractor shall permit access to its premises, during normal business hours, by NREL/Government or the OFCCP for the purpose of conducting on-site compliance evaluations and complaint investigations. The Subcontractor shall permit the NREL/Government to inspect and copy any books, accounts, records (including computerized records), and other material that may be relevant to the matter under investigation and pertinent to compliance with Executive Order 11246, as amended, and rules and regulations that implement the Executive Order.
 - (8) If the OFCCP determines that the Subcontractor is not in compliance with this clause or any rule, regulation, or order of the Secretary of Labor, this subcontract may be canceled, terminated, or suspended in whole or in part

 - (4) The information will be used only in accordance with the regulations promulgated under 38 U.S.C. 4212.
- (f) The Subcontractor shall insert the terms of this clause in all lower-tier subcontracts or purchase orders of \$100,000 or more unless exempted by rules, regulations, or orders of the Secretary of Labor.

Clause 24. SERVICE CONTRACT ACT OF 1965 (NOV 2007)

Derived from FAR 52.222-41 (FD)

(Applies to all subcontracts exceeding \$2,500 for services as defined in Service Contract Act.)

- (a) Definitions.
 - (1) "Act," as used in this clause, means the Service Contract of 1965, (41 U.S.C. 351, et seq.).

NREL Appendix B-3

- (2) "Service employee," as used in this clause, means any person engaged in the performance of this subcontract other than any person employed in a bona fide executive, administrative, or professional capacity, as these terms are defined in Part 541 of Title 29, Code of Federal Regulations as revised. It includes all such persons regardless of any contractual relationship that may be alleged to exist between the Subcontractor or any lower-tier Subcontractor and such persons.
- (b) Applicability.

This subcontract is subject to the following provisions and to all other applicable provisions of the Act and regulations of the Secretary of Labor (29 CFR Part 4). This clause does not apply to subcontracts or lower-tier subcontracts administratively exempted by the Secretary of Labor or exempted by 41 U.S.C. 356, as interpreted in Subpart C of 29 CFR Part 4.
- (c) Compensation.
 - (1) Each service employee employed in the performance of this subcontract by the Subcontractor or any lower-tier Subcontractor shall be paid not less than the minimum monetary wages and shall be furnished fringe benefits in accordance with the wages and fringe benefits determined by the Secretary of Labor, or authorized representative, as specified in any wage determination attached to this subcontract.
 - (2)
 - (i) If a wage determination is attached to this subcontract, the Subcontractor shall classify any class of service employee which is not listed therein and which is to be employed under the subcontract (i.e., the work to be performed is not performed by any classification listed in the wage determination) so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination. Such conformed class of employees shall be paid the monetary wages and furnished the fringe benefits as are determined pursuant to the procedures in this paragraph (c).

This conforming procedure shall be initiated by the Subcontractor prior to the performance of subcontract work by the unlisted class of employee. The Subcontractor shall submit Standard Form (SF) 1444, Request for Authorization of Additional Classification and Rate, to the NREL Subcontract Administrator no later than thirty (30) days after the unlisted class of employee performs any subcontract work. The NREL Subcontract Administrator shall review the proposed classification and rate and promptly submit the completed SF 1444 (which must include information regarding the agreement or disagreement of the employee's authorized representatives or the employees themselves together with the agency recommendation), and all pertinent information to the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor. The Wage and Hour Division will approve, modify, or disapprove the action or render a final determination in the event of disagreement within thirty (30) days of receipt or will notify the NREL Subcontract Administrator within thirty (30) days of receipt that additional time is necessary.

 - (i) The final determination of the conformance action by the Wage and Hour Division shall be transmitted to the NREL Subcontract Administrator who shall promptly notify the Subcontractor of the action taken. Each affected employee shall be furnished by the

- Subcontractor with a written copy of such determination or it shall be posted as a part of the wage determination.
- (ii) The process of establishing wage and fringe benefit rates that bear a reasonable relationship to those listed in a wage determination cannot be reduced to any single formula. The approach used may vary from wage determination to wage determination, depending on the circumstances. Standard wage and salary administration practices which rank various job classifications by pay grade pursuant to point schemes or other job factors may, for example, be relied upon. Guidance may also be obtained from the way different jobs are rated under Federal pay systems (Federal Wage Board Pay System and the General subcontract schedule) or from other wage determinations issued in the same locality. Basic to the establishment of any conformable wage rate(s) is the concept that a pay relationship should be maintained between job classifications based on the skill required and the duties performed.
 - (A) In the case of a subcontract modification, an exercise of an option, or extension of an existing subcontract, or in any other case where a Subcontractor succeeds a subcontract under which the classification in question was previously conformed pursuant to the paragraph (c) of this clause, a new conformed wage rate and fringe benefits may be assigned to the conformed classification by indexing (i.e., adjusting) the previous conformed rate and fringe benefits by an amount equal to the average (mean) percentage increase (or decrease, where appropriate) between the wages and fringe benefits specified for all classifications to be used on the subcontract which are listed in the current wage determination, and those specified for the corresponding classifications in the previously applicable wage determination. Where conforming actions are accomplished in accordance with this paragraph prior to the performance of subcontract work by the unlisted class of employees, the Subcontractor shall advise the NREL Subcontract Administrator of the action taken but the other procedures in subdivision (c)(2)(ii) of this clause need not be followed.
 - (B) No employee engaged in performing work on this subcontract shall in any event be paid less than the currently applicable minimum wage specified under section 6(a)(1) of the Fair Labor Standards Act of 1938, as amended.
 - (iii) The wage rate and fringe benefits finally determined under this paragraph (c)(2) of this clause shall be paid to all employees performing in the classification from the first day on which subcontract work is performed by them in the classification. Failure to pay the unlisted employees the compensation agreed upon by the interested parties and/or finally determined by the Wage and Hour Division retroactive to the date such class of employees commenced subcontract work shall be a violation of the Act and this subcontract.
 - (iv) Upon discovery of failure to comply with paragraph (c)(2) of this clause, the Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which

shall be retroactive to the date such class or classes of employees commenced subcontract work.

- (3) Adjustment of Compensation.
If the term of this subcontract is more than one (1) year, the minimum monetary wages and fringe benefits required to be paid or furnished there under to service employees under this subcontract shall be subject to adjustment after one (1) year and not less often than once every two (2) years, under wage determinations issued by the Wage and Hour Division.
- (d) Obligation to Furnish Fringe Benefits.
The Subcontractor or lower-tier Subcontractor may discharge the obligation to furnish fringe benefits specified in the attachment or determined under paragraph (c)(2) of this clause by furnishing equivalent combinations of bona fide fringe benefits, or by making equivalent or differential cash payments, only in accordance with Subpart D of 29 CFR Part 4.
- (e) Minimum Wage.
In the absence of a minimum wage attachment for this subcontract, neither the Subcontractor nor any lower-tier Subcontractor under this subcontract shall pay any person performing work under this subcontract (regardless of whether the person is a service employee) less than the minimum wage specified by section 6(a)(1) of the Fair Labor Standards Act of 1938. Nothing in this clause shall relieve the Subcontractor or any lower-tier Subcontractor of any other obligation under law or subcontract for payment of a higher wage to any employee.
- (f) Successor Subcontracts.
If this subcontract succeeds a subcontract subject to the Act under which substantially the same services were furnished in the same locality and service employees were paid wages and fringe benefits provided for in a collective bargaining agreement, in the absence of the minimum wage attachment for this subcontract setting forth such collectively bargained wage rates and fringe benefits, neither the Subcontractor nor any lower-tier Subcontractor under this subcontract shall pay any service employee performing any of the subcontract work (regardless of whether or not such employee was employed under the predecessor subcontract), less than the wages and fringe benefits provided for in such collective bargaining agreement to which such employee would have been entitled if employed under the predecessor subcontract, including accrued wages and fringe benefits and any prospective increases in wages and fringe benefits provided for under such agreement. Neither the Subcontractor nor any lower-tier Subcontractor may be relieved of the foregoing obligation unless the limitations of 29 CFR 4.1b(b) apply or unless the Secretary of Labor or the Secretary's authorized representative finds, after a hearing as provided in 29 CFR 4.10 that the wages and/or fringe benefits provided for in such agreement are substantially at variance with those which prevail for services of a character similar in the locality, or determines, as provided in 29 CFR 4.11, that the collective bargaining agreement applicable to service employees employed under the predecessor subcontract was not entered into as a result of arm's length negotiations. Where it is found in accordance with the review procedures provided in 29 CFR 4.10 and/or 4.11 and Parts 6 and 8 that some or all of the wages and/or fringe benefits contained in a predecessor Subcontractor's collective bargaining agreement are substantially at variance with those which prevail for services of a character similar in the locality, and/or that the collective bargaining agreement applicable to service employees employed under the predecessor subcontract was not entered into as a result of arm's length negotiations, the Department will issue a new or revised wage determination setting forth the

applicable wage rates and fringe benefits. Such determination shall be made part of the subcontract or lower-tier subcontract, in accordance with the decision of the Administrator, the Administrative Law Judge, or the Administrative Review Board, as the case may be, irrespective of whether such issuance occurs prior to or after the award of a subcontract or lower-tier subcontract (53 Comp. Gen. 401 (1973)). In the case of a wage determination issued solely as a result of a finding of substantial variance, such determination shall be effective as of the date of the final administrative decision.

(g) Notification to Employees.

The Subcontractor and any lower-tier Subcontractor under this subcontract shall notify each service employee commencing work on this subcontract of the minimum monetary wage and any fringe benefits required to be paid pursuant to this subcontract, or shall post the wage determination attached to this subcontract. The poster provided by the Department of Labor (Publication WH 1313) shall be posted in a prominent and accessible place at the worksite. Failure to comply with this requirement is a violation of section 2(a) (4) of the Act and of this subcontract.

(h) Safe and Sanitary Working Conditions.

The Subcontractor or lower-tier Subcontractor shall not permit any part of the services called for by this subcontract to be performed in buildings or surroundings or under working conditions provided by or under the control or supervision of the Subcontractor or lower-tier Subcontractor which are unsanitary, hazardous, or dangerous to the health or safety of the service employees. The Subcontractor or lower-tier Subcontractor shall comply with the safety and health standards applied under 29 CFR Part 1925.

(i) Records.

(1) The Subcontractor and each lower-tier Subcontractor performing work subject to the Act shall make and maintain for three (3) years from the completion of the work, and make them available for inspection and transcription by authorized representatives of the Wage and Hour Division, Employment Standards Administration, a record of the following:

(i) For each employee subject to the Act—

- (A) Name and address and social security number;
- (B) Correct work classification or classifications, rate or rates of monetary wages paid and fringe benefits provided, rate or rates of payments in lieu of fringe benefits, and total daily and weekly compensation;
- (C) Daily and weekly hours worked by each employee; and
- (D) Any deductions, rebates, or refunds from the total daily or weekly compensation of each employee.

(ii) For those classes of service employees not included in any wage determination attached to this subcontract, wage rates or fringe benefits determined by the interested parties or by the Administrator or authorized representative under the terms of paragraph (c) of this clause. A copy of the report required by subdivision (c) (2) (ii) of this clause will fulfill this requirement.

(iii) Any list of the predecessor Subcontractor's employees which had been furnished to the Subcontractor as prescribed by paragraph (n) of this clause.

(2) The Subcontractor shall also make available a copy of this subcontract for inspection or transcription by authorized representatives of the Wage and Hour Division.

NREL Appendix B-3

- (3) Failure to make and maintain or to make available these records for inspection and transcription shall be a violation of the regulations and this subcontract, and in the case of failure to produce these records, the NREL Subcontract Administrator, upon direction of the Department of Labor and notification to the Subcontractor, shall take action to cause suspension of any further payment or advance of funds until the violation ceases.
 - (4) The Subcontractor shall permit authorized representatives of the Wage and Hour Division to conduct interviews with employees at the worksite during normal working hours.
- (j) Pay Periods.

The Subcontractor shall unconditionally pay to each employee subject to the Act all wages due free and clear and without subsequent deduction (except as otherwise provided by law or regulations, 29 CFR Part 4), rebate, or kickback on any account. These payments shall be made no later than one pay period following the end of the regular pay period in which the wages were earned or accrued. A pay period under this Act may not be of any duration longer than semi-monthly.
- (k) Withholding of Payments and Termination of Subcontract.

The NREL Subcontract Administrator shall withhold or cause to be withheld from the Subcontractor under this or any other NREL subcontract with the Subcontractor such sums as an appropriate official of the Department of Labor requests or such sums as the NREL Subcontract Administrator decides may be necessary to pay underpaid employees employed by the Subcontractor or lower-tier Subcontractor. In the event of failure to pay any employees subject to the Act all or part of the wages or fringe benefits due under the Act, the NREL Subcontract Administrator may, after authorization or by direction of the Department of Labor and written notification to the Subcontractor, take action to cause suspension of any further payment or advance of funds until such violations have ceased. Additionally, any failure to comply with the requirements of this clause may be grounds for termination of the right to proceed with the subcontract work. In such event, NREL/Government may enter into other subcontracts or arrangements for completion of the work, charging the Subcontractor in default with any additional cost.
- (l) Lower-tier Subcontracts.

The Subcontractor agrees to insert this clause in all lower-tier subcontracts subject to the Act.
- (m) Collective Bargaining Agreements Applicable to Service Employees.

If wages to be paid or fringe benefits to be furnished any service employees employed by the Subcontractor or any lower-tier Subcontractor under the subcontract are provided for in a collective bargaining agreement which is or will be effective during any period in which the subcontract is being performed, the Subcontractor shall report such fact to the NREL Subcontract Administrator, together with full information as to the application and accrual of such wages and fringe benefits, including any prospective increases, to service employees engaged in work on the subcontract, and a copy of the collective bargaining agreement. Such report shall be made upon commencing performance of the subcontract, in the case of collective bargaining agreements effective at such time, and in the case of such agreements or provisions or amendments thereof effective at a later time during the period of subcontract performance such agreements shall be reported promptly after negotiation thereof.
- (n) Seniority List.

Not less than ten (10) days prior to completion of any subcontract being performed at a Federal facility where service employees may be retained in the performance of

- the succeeding subcontract and subject to a wage determination which contains vacation or other benefit provisions based upon length of service with a Subcontractor (predecessor) or successor (29 CFR 4.173), the incumbent Subcontractor shall furnish the NREL Subcontract Administrator a certified list of the names of all service employees on the Subcontractor's or lower-tier Subcontractors' payroll during the last month of subcontract performance. Such list shall also contain anniversary dates of employment on the subcontract either with the current or predecessor Subcontractors of each such service employee. The NREL Subcontract Administrator shall turn over such list to the successor Subcontractor at the commencement of the succeeding subcontract.
- (o) Rulings and Interpretations.
Rulings and interpretations of the Act are contained in Regulations, 29 CFR Part 4.
 - (p) Subcontractor's Certification.
 - (1) By entering into this subcontract, the Subcontractor (and officials thereof) certifies that neither it (nor he or she) nor any person or firm who has a substantial interest in the Subcontractor's firm is a person or firm ineligible to be awarded Government contracts or subcontracts by virtue of the sanctions imposed under section 5 of the Act.
 - (2) No part of this subcontract shall be further subcontracted to any person or firm ineligible for award of a Government contract or subcontract under section 5 of the Act.
 - (3) The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.
 - (q) Variations, Tolerances, and Exemptions Involving Employment.
Notwithstanding any of the provisions in paragraphs (b) through (o) of this clause, the following employees may be employed in accordance with the following variations, tolerances, and exemptions, which the Secretary of Labor, pursuant to section 4(b) of the Act prior to its amendment by Pub. L. 92-473, found to be necessary and proper in the public interest or to avoid serious impairment of the conduct of Government business:
 - (1) Apprentices, student-learners, and workers whose earning capacity is impaired by age, physical or mental deficiency, or injury may be employed at wages lower than the minimum wages otherwise required by section 2(a)(1) or 2(b)(1) of the Act without diminishing any fringe benefits or cash payments in lieu thereof required under section 2(a)(2) of the Act, in accordance with the conditions and procedures prescribed for the employment of apprentices, student-learners, handicapped persons, and handicapped clients of sheltered workshops under section 14 of the Fair Labor Standards Act of 1938, in the regulations issued by the Administrator (29 CFR Parts 520, 521, 524, and 525).
 - (2) The Administrator will issue certificates under the Act for the employment of apprentices, student-learners, handicapped persons, or handicapped clients of sheltered workshops not subject to the Fair Labor Standards Act of 1938, or subject to different minimum rates of pay under the two acts, authorizing appropriate rates of minimum wages (but without changing requirements concerning fringe benefits or supplementary cash payments in lieu thereof), applying procedures prescribed by the applicable regulations issued under the Fair Labor Standards Act of 1938 (29 CFR Parts 520, 521, 524, and 525).
 - (3) The Administrator will also withdraw, annul, or cancel such certificates in accordance with the regulations in 29 CFR Parts 525 and 528.

- (r) Apprentices.
- Apprentices will be permitted to work at less than the predetermined rate for the work they perform when they are employed and individually registered in a bona fide apprenticeship program registered with a State Apprenticeship Agency which is recognized by the U.S. Department of Labor, or if no such recognized agency exists in a State, under a program registered with the Office of Apprenticeship Training, Employer, and Labor Services (OATELS), U.S. Department of Labor. Any employee who is not registered as an apprentice in an approved program shall be paid the wage rate and fringe benefits contained in the applicable wage determination for the journeyman classification of work actually performed. The wage rates paid apprentices shall not be less than the wage rate for their level of progress set forth in the registered program, expressed as the appropriate percentage of the journeyman's rate contained in the applicable wage determination. The allowable ratio of apprentices to journeymen employed on the subcontract work in any craft classification shall not be greater than the ratio permitted to the Subcontractor as to his entire work force under the registered program.
- (s) Tips.
- An employee engaged in an occupation in which the employee customarily and regularly receives more than \$30 a month in tips may have the amount of these tips credited by the employer against the minimum wage required by section 2(a) (1) or section 2(b) (1) of the Act, in accordance with section 3(m) of the Fair Labor Standards Act and Regulations, 29 CFR Part 531. However, the amount of credit shall not exceed \$1.34 per hour beginning January 1, 1981. To use this provision—
- (1) The employer must inform tipped employees about this tip credit allowance before the credit is utilized;
 - (2) The employees must be allowed to retain all tips (individually or through a pooling arrangement and regardless of whether the employer elects to take a credit for tips received);
 - (3) The employer must be able to show by records that the employee receives at least the applicable Service Contract Act minimum wage through the combination of direct wages and tip credit; and
 - (4) The use of such tip credit must have been permitted under any predecessor collective bargaining agreement applicable by virtue of section 4(c) of the Act.
- (t) Disputes Concerning Labor Standards.
- The U.S. Department of Labor has set forth in 29 CFR Parts 4, 6, and 8 procedures for resolving disputes concerning labor standards requirements. Such disputes shall be resolved in accordance with those procedures and not the Disputes clause of this subcontract. Disputes within the meaning of this clause include disputes between the Subcontractor (or any of its lower-tier Subcontractors) and NREL, the DOE, the U.S. Department of Labor, or the employees of their representatives.

- (d) The apparently successful offeror agrees to submit, for each item as required prior to award, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous material identified in paragraph (b) of this clause. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.
- (e) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (d) of this clause, the Subcontractor shall promptly notify the NREL Subcontract Administrator and resubmit the data.

 - (iii) Have others use, duplicate, and disclose the data for the Government for these purposes.
 - (2) To use, duplicate, and disclose data furnished under this clause, in accordance with subparagraph (h) (1) of this clause, in precedence over any other clause of this subcontract providing for rights in data.
 - (3) The Government is not precluded from using similar or identical data acquired from other sources.

- (i) Except as provided in paragraph (i) (2), the Subcontractor shall prepare and submit a sufficient number of Material Safety Data Sheets (MSDS's), meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all hazardous materials identified in paragraph (b) of this clause.
 - (1) For items shipped to consignees, the Subcontractor shall include a copy of the MSDS's with the packing list or other suitable shipping document which accompanies each shipment. Alternatively, the Subcontractor is permitted to transmit MSDS's to consignees in advance of receipt of shipments by consignees, if authorized in writing by the NREL Subcontract Administrator.
 - (2) For items shipped to consignees identified by mailing address as agency depots, distribution centers or customer supply centers, the Subcontractor shall provide one copy of the MSDS's in or on each shipping container.  - (E) The extent to which it was recognized in the negotiation that the lower-tier Subcontractor's cost or pricing data were not accurate, complete, or current; the action taken by the Subcontractor and the lower-tier Subcontractor; and the effect of any such defective data on the total price negotiated;
 - (F) The reasons for any significant difference between the Subcontractor's price objective and the price negotiated; and
 - (G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.
- (2) If the Subcontractor has an approved purchasing system and consent is not required under paragraph (c), or (d) of this clause, the Subcontractor nevertheless shall notify the NREL Subcontract Administrator reasonably in advance of entering into any:
 - (i) cost-plus-fixed-fee subcontract, or
 - (ii) fixed-price subcontract that exceeds either the simplified acquisition threshold or 5 percent of the total estimated cost of this contract. The notification shall include the information required by paragraphs (e) (1) (i) through (e) (1) (iv) of this clause.
- (f) Unless the consent or approval specifically provides otherwise, neither consent by the NREL Subcontract Administrator to any subcontract nor approval of the Subcontractor's purchasing system shall constitute a determination—

NREL Appendix B-3

- (1) Of the acceptability of any subcontract terms or conditions;
 - (2) Of the allowability of any cost under this subcontract; or
 - (3) To relieve the Subcontractor of any responsibility for performing this subcontract.
- (g) No lower-tier subcontract or modification thereof placed under this subcontract shall provide for payment on a cost plus a percentage of cost basis, and any fee payable under cost reimbursement type lower-tier subcontracts shall not exceed the fee limitations in FAR 15.404-4(c)(4)(i).
- (h) The Subcontractor shall give the NREL Subcontract Administrator immediate written notice of any action or suit filed and prompt notice of any claim made against the Subcontractor by any lower-tier Subcontractor or vendor that, in the opinion of the Subcontractor, may result in litigation related in any way to this subcontract, with respect to which the Subcontractor may be entitled to reimbursement from NREL/Government.
- (i) NREL/Government reserves the right to review the Subcontractor's purchasing system as set forth in FAR Subpart 44.3.
- (j) Paragraphs (d) and (f) of this clause do not apply to any of the lower-tier subcontracts identified in the subcontract schedule that were evaluated during negotiations.

Derived from FAR 52.244-6 (FD)

(Applies to subcontracts for supplies or services other than commercial items.)

- (a) Definitions. As used in this clause—
- (1) "Commercial item" has the meaning contained in Federal Acquisition Regulation 2.101, Definitions.
 - (2) "Lower-tier Subcontract" includes a transfer of commercial items between divisions, subsidiaries, or affiliates of the Subcontractor or Subcontractor at any tier.
- (b) To the maximum extent practicable, the Subcontractor shall incorporate, and require its Subcontractors at all tiers to incorporate, commercial items or non-developmental items as components of items to be supplied under this subcontract.
- (c) (1) The Subcontractor shall insert the following clauses in lower-tier subcontracts for commercial items:
- (i) 52.219-8, Utilization of Small Business Concerns (May 2004) (15 U.S.C. 637(d) (2) and (3)), in all lower-tier subcontracts that offer further subcontracting opportunities. If the lower-tier subcontract (except subcontracts to small business concerns) exceeds \$550,000 (\$1,000,000 for construction of any public facility), the lower-tier Subcontractor must include 52.219-8 in sub tier subcontracts that offer subcontracting opportunities.

- (2) While not required, the Subcontractor may flow down to lower-tier subcontracts for commercial items a minimal number of additional clauses necessary to satisfy its contractual obligations.
- (d) The Subcontractor shall include the terms of this clause, including this paragraph (d), in lower-tier subcontracts awarded under this subcontract.

Clause 41. INSPECTION OF SUPPLIES-FIXED PRICE (AUG 1996)

Derived from FAR 52.246-2

(Applies to fixed price subcontracts for supplies and fixed price subcontracts for services where supplies are furnished.)

- (a) Definition.
 - (1) "Supplies," as used in this clause, includes but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.
- (b) The Subcontractor shall provide and maintain an inspection system acceptable to NREL covering supplies under this subcontract and shall tender to NREL for acceptance only supplies that have been inspected in accordance with the inspection system and have been found by the Subcontractor to be in conformity with subcontract requirements. As part of the system, the Subcontractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to NREL/Government during subcontract performance and for as long afterwards as the subcontract requires. NREL/Government may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the subcontract work. The right of review, whether exercised or not, does not relieve the Subcontractor of the obligations under the subcontract.
- (c) NREL/Government has the right to inspect and test all supplies called for by the subcontract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. NREL/Government shall perform inspections and tests in a manner that will not unduly delay the work. NREL/Government assumes no contractual obligation to perform any inspection and test for the benefit of the Subcontractor unless specifically set forth elsewhere in this subcontract.
- (d) If NREL/Government performs inspection(s) or test(s) on the premises of the Subcontractor or a lower-tier Subcontractor, the Subcontractor shall furnish, and shall require lower-tier Subcontractors to furnish, at no increase in subcontract price, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the subcontract, NREL/Government shall bear the expense of NREL/Government inspections or tests made at other than the Subcontractor's or lower-tier Subcontractor's premises; provided, that in case of rejection, the NREL/Government shall not be liable for any reduction in the value of inspection or test samples.

NREL Appendix B-3

- (e)
 - (1) When supplies are not ready at the time specified by the Subcontractor for inspection(s) or test(s), the NREL Subcontract Administrator may charge to the Subcontractor the additional costs of inspection(s) or test(s).
 - (2) The NREL Subcontract Administrator may also charge the Subcontractor for any additional cost of inspection or test when prior rejection makes reinspection or retest necessary.
- (f) NREL has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with subcontract requirements. NREL may reject nonconforming supplies with or without disposition instructions.
- (g) The Subcontractor shall remove supplies rejected or required to be corrected. However, the NREL Subcontract Administrator may require or permit correction in place, promptly after notice, by and at the expense of the Subcontractor. The Subcontractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.
- (h) If the Subcontractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to be replaced or corrected, NREL may either—
 - (1) By subcontract or otherwise, remove, replace, or correct the supplies and charge the cost to the Subcontractor; or
 - (2) Terminate the subcontract for default. Unless the Subcontractor corrects or replaces the supplies within the delivery subcontract schedule, the NREL Subcontract Administrator may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.
- (i)
 - (1) If this subcontract provides for the performance of quality assurance at source, and if requested by NREL/Government, the Subcontractor shall furnish advance notification of the time—
 - (i) When Subcontractor inspection or tests will be performed in accordance with the terms and conditions of the subcontract; and
 - (ii) When the supplies will be ready for inspection.
 - (2) NREL/Government's request shall specify the period and method of the advance notification and the NREL/Government representative to whom it shall be furnished. Requests shall not require more than two (2) workdays of advance notification if NREL/Government representative is in residence in the Subcontractor's plant, nor more than seven (7) workdays in other instances.
- (j) NREL shall accept or reject supplies as promptly as practicable after delivery, unless otherwise provided in the subcontract. NREL's failure to inspect and accept or reject the supplies shall not relieve the Subcontractor from responsibility, nor impose liability on NREL/Government, for nonconforming supplies.
- (k) Inspections and tests by NREL/Government do not relieve the Subcontractor of responsibility for defects or other failures to meet subcontract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the subcontract.
- (l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, NREL/Government, in addition to any other rights and remedies provided by law, or under other provisions of this subcontract, shall have the right to require the Subcontractor—
 - (1) To correct or replace the defective or nonconforming supplies at the original point of delivery or at the Subcontractor's plant at the NREL Subcontract Administrator's election, at no increase in subcontract price, and in

- accordance with a reasonable delivery subcontract schedule as may be agreed upon between the Subcontractor and the NREL Subcontract Administrator; provided, that the NREL Subcontract Administrator may require a reduction in subcontract price if the Subcontractor fails to meet such delivery subcontract schedule; or
- (2) Within a reasonable time after receipt by the Subcontractor of notice of defects or nonconformance, to repay such portion of the subcontract as is equitable under the circumstances if the NREL Subcontract Administrator elects not to require correction or replacement. When supplies are returned to the Subcontractor, the Subcontractor shall bear the transportation cost from the original point of delivery to the Subcontractor's plant and return to the original point when that point is not the Subcontractor's plant. If the Subcontractor fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of ten (10) days (or such longer period as the NREL Subcontract Administrator may authorize in writing) after receipt of notice from the NREL Subcontract Administrator specifying such failure, NREL shall have the right by subcontract or otherwise to replace or correct such supplies and charge to the Subcontractor the cost occasioned NREL thereby.

Clause 42. INSPECTION OF SERVICES-FIXED PRICE (AUG 1996)

Derived from FAR 52.246-4

(Applies to fixed price subcontracts for services and fixed price subcontracts for supplies where services are furnished.)

- (a) Definition.
- (1) "Services," as used in this clause, includes services performed, workmanship, and material furnished or utilized in the performance of services.
- (b) The Subcontractor shall provide and maintain an inspection system acceptable to NREL covering the services under this subcontract. Complete records of all inspection work performed by the Subcontractor shall be maintained and made available to NREL/Government during subcontract performance and for as long afterwards as the subcontract requires.
- (c) NREL/Government has the right to inspect and test all services called for by the subcontract, to the extent practicable at all times and places during the term of the subcontract. NREL/Government shall perform inspections and tests in a manner that will not unduly delay the work.
- (d) If NREL/Government performs inspections or tests on the premises of the Subcontractor or a lower-tier Subcontractor, the Subcontractor shall furnish, and shall require lower-tier Subcontractors to furnish, at no increase in subcontract price, all reasonable facilities and assistance for the safe and convenient performance of these duties.
- (e) If any of the services do not conform to subcontract requirements, NREL may require the Subcontractor to perform the services again in conformity with subcontract requirements, at no increase in subcontract amount. When the defects in services cannot be corrected by reperformance, NREL may—
- (1) Require the Subcontractor to take necessary action to ensure that future performance conforms to subcontract requirements; and

NREL Appendix B-3

- (2) Reduce the subcontract price to reflect the reduced value of the services performed.
- (f) If the Subcontractor fails to promptly perform the service(s) again or to take the necessary action to ensure future performance in conformity with subcontract requirements, NREL may—
 - (1) By subcontract or otherwise, perform the services and charge to the Subcontractor any cost incurred by NREL that is directly related to the performance of such service; or
 - (2) Terminate the subcontract for default.

Clause 43. COMMERCIAL BILL OF LADING NOTATIONS (SPECIAL) (OCT 2008)

Derived from FAR 52.247-1 (FEB 2006) (FD)

[(Applies to all cost reimbursement subcontracts where transportation is a direct charge to the subcontract.) (Applies to all fixed price subcontracts where direct and actual transportation cost is a separate item in the invoice (e.g. F.O.B. origin) and not included in the delivered price (e.g. F.O.B. destination).]

When the NREL Subcontract Administrator authorizes supplies to be shipped on a commercial bill of lading and the Subcontractor will be reimbursed these transportation costs as direct allowable costs, the Subcontractor shall ensure before shipment is made that the commercial shipping documents are annotated with either of the following notations, as appropriate:

- (a) If NREL Subcontract Administrator is shown as the consignor or the consignee, the annotation shall be: "Transportation is for the U.S. Department of Energy, acting through its National Renewable Energy Laboratory (NREL) and the actual total transportation charges paid to the carrier(s) by the consignor or consignee are assignable to, and shall be reimbursed by, NREL Subcontract Administrator on behalf of the Government, pursuant to cost-reimbursement contract No. DE-AC36-08GO28308. This may be confirmed by contacting the Golden Field Office, 1617 Cole, Blvd, Golden, CO 80401."
- (b) If NREL Subcontract Administrator is not shown as the consignor or the consignee, the annotation shall be: "Transportation is for the U.S. Department of Energy, acting through its National Renewable Energy Laboratory (NREL) and the actual total transportation charges paid to the carrier(s) by the consignor or consignee shall be reimbursed by the NREL Subcontract Administrator, on behalf of the Government, pursuant to cost-reimbursement contract No. DE-AC36-08GO28308. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.
 - (c) If available, the Subcontractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

Derived from FAR 52.249-1 (FD)

(Applies to fixed price subcontracts of \$100,000 or less, except subcontracts for research and development work with educational or nonprofit institutions and subcontracts for architect-engineer services.)

The NREL Subcontract Administrator, by written notice, may terminate this subcontract, in whole or in part, when it is in NREL's/Government's interest. If this subcontract is terminated, the rights, duties, and obligations of the parties, including compensation to the Subcontractor, shall be in accordance with Part 49 of the Federal Acquisition Regulation in effect on the date of this subcontract.

Clause 47. TERMINATION FOR CONVENIENCE OF NREL/GOVERNMENT (FIXED PRICE AND ALTERNATE I (CONSTRUCTION) (SPECIAL) (OCT 2008)

Derived from FAR 52.249-2 (MAY 2004) and Alternate I (SEP 1996) (FD)

(Applies to fixed price subcontracts exceeding \$100,000, except subcontracts for research and development work with educational or nonprofit institutions and subcontracts for architect-engineer services.)

(Alternate I applies to fixed price construction subcontracts exceeding \$100,000.)

- (a) NREL may terminate performance of work under this subcontract in whole or, from time to time, in part if the NREL Subcontract Administrator determines that a termination is in NREL's/Government's interest. The NREL Subcontract Administrator shall terminate by delivering to the Subcontractor a Notice of Termination specifying the extent of termination and the effective date.
- (b) After receipt of a Notice of Termination, and except as directed by the NREL Subcontract Administrator, the Subcontractor shall immediately proceed with the following obligations, regardless of any delay in determining or adjusting any amounts due under this clause:
 - (1) Stop work as specified in the notice;
 - (2) Place no further subcontracts or orders (referred to as lower-tier subcontracts in this clause) for materials, services, or facilities, except as necessary to complete the continued portion of the subcontract;
 - (3) Terminate all lower-tier subcontracts to the extent they relate to the work terminated;
 - (4) Assign to NREL, as directed by the NREL Subcontract Administrator, all right, title, and interest of the Subcontractor under the lower-tier subcontracts

- terminated, in which case NREL shall have the right to settle or to pay any termination settlement proposal arising out of those terminations;
- (5) With approval or ratification to the extent required by the NREL Subcontract Administrator, settle all outstanding liabilities and termination settlement proposals arising from the termination of lower-tier subcontracts; the approval or ratification will be final for purposes of this clause;
 - (6) As directed by the NREL Subcontract Administrator, transfer title to the Government and deliver to NREL—
 - (7) The fabricated or unfabricated parts, work in process, completed work, supplies, and other material produced or acquired for the work terminated; and
 - (8) The completed or partially completed plans, drawings, information, and other property that, if the subcontract had been completed, would be required to be furnished to NREL.
 - (9) Complete performance of the work not terminated;
 - (10) Take any action that may be necessary, or that the NREL Subcontract Administrator may direct, for the protection and preservation of the property related to this subcontract that is in the possession of the Subcontractor and in which the Government has or may acquire an interest; and
 - (11) Use its best efforts to sell, as directed or authorized by the Government through the NREL Subcontract Administrator, any property of the types referred to in subparagraph (b)(6) of this clause; provided, however, that the Subcontractor—
 - (i) Is not required to extend credit to any purchaser; and
 - (ii) May acquire the property under the conditions prescribed by, and at prices approved by, the Government acting through the NREL Subcontract Administrator. The proceeds of any transfer or disposition will be applied to reduce any payments to be made by NREL under this subcontract, credited to the price or cost of the work, or paid in any other manner directed by the NREL Subcontract Administrator.
- (c) The Subcontractor may submit complete termination inventory subcontract schedules no later than sixty (60) days from the effective date of termination, unless extended in writing by the NREL Subcontract Administrator within this sixty (60)-day period.
- (d) [Reserved.]
- (e) After termination, the Subcontractor shall submit a final termination settlement proposal to the NREL Subcontract Administrator in the form and with the certification prescribed by the NREL Subcontract Administrator. The Subcontractor shall submit the proposal promptly, but no later than one (1) year from the effective date of termination, unless extended in writing by the NREL Subcontract Administrator upon written request of the Subcontractor within this one (1) year period. However, if the NREL Subcontract Administrator determines that the facts justify it, a termination settlement proposal may be received and acted on after one (1) year or any extension. If the Subcontractor fails to submit the proposal within the time allowed, the NREL Subcontract Administrator may determine, on the basis of information available, the amount, if any, due the Subcontractor because of the termination and shall pay the amount determined.
- (f) The Subcontractor and the NREL Subcontract Administrator may agree upon the whole or any part of the amount to be paid because of the termination. The amount may include a reasonable allowance for profit on work done. However, the agreed amount, whether under this paragraph (f) or paragraph (g) of this clause, exclusive of

costs shown in subparagraph (g) (3) of this clause, may not exceed the total subcontract price as reduced by—

- (1) The amount of payments previously made; and
 - (2) The subcontract price of work not terminated.
The subcontract shall be amended, and the Subcontractor paid the agreed amount. Paragraph (g) of this clause shall not limit, restrict, or affect the amount that may be agreed upon to be paid under this paragraph.
- (g) If the Subcontractor and the NREL Subcontract Administrator fail to agree on the whole amount to be paid because of the termination of work, the NREL Subcontract Administrator shall pay the Subcontractor the amounts determined by the NREL Subcontract Administrator as follows, but without duplication of any amounts agreed on under paragraph (f) of this clause:
- (1) The subcontract price for completed supplies or services accepted by NREL (or sold or acquired under subparagraph (b) (9) of this clause) not previously paid for, adjusted for any saving of freight and other charges.
 - (2) The total of—
 - (i) The costs incurred in the performance of the work terminated, including initial costs and preparatory expense allocable thereto, but excluding any costs attributable to supplies or services paid or to be paid under subparagraph (g) (1) of this clause;
 - (ii) The cost of settling and paying termination settlement proposals under terminated lower-tier subcontracts that are properly chargeable to the terminated portion of the subcontract if not included in subdivision (g) (2) (i) of this clause; and
 - (iii) A sum, as profit on subdivision (g) (2) (i) of this clause, determined by the NREL Subcontract Administrator under 49.202 of the Federal Acquisition Regulation, in effect on the date of this subcontract, to be fair and reasonable. However, if it appears that the Subcontractor would have sustained a loss on the entire subcontract had it been completed, the NREL Subcontract Administrator shall allow no profit under this subdivision (g) (2) (iii) and shall reduce the settlement to reflect the indicated rate of loss.
 - (3) The reasonable costs of settlement of the work terminated, including—
 - (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - (ii) The termination and settlement of lower-tier subcontracts (excluding the amounts of such settlements); and
 - (iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.
- (h) Except for normal spoilage, and except to the extent that NREL/Government expressly assumed the risk of loss, the NREL Subcontract Administrator shall exclude from the amounts payable to the Subcontractor under paragraph (g) of this clause, the fair value, as determined by the NREL Subcontract Administrator, of property that is destroyed, lost, stolen, or damaged so as to become undeliverable to NREL/Government or to a buyer.
- (i) The cost principles and procedures of Part 31 of the Federal Acquisition Regulations, in effect on the date of this subcontract, shall govern all costs claimed, agreed to, or determined under this clause.

NREL Appendix B-3

- (j) The Subcontractor shall have the right of appeal, under the Disputes clause, from any determination made by the NREL Subcontract Administrator under paragraph (e), (g), or (i) of this clause, except that if the Subcontractor failed to submit the termination settlement proposal or request for equitable adjustment within the time provided in paragraph (e) or (i), respectively, and failed to request a time extension, there is no right of appeal.
- (k) In arriving at the amount due the Subcontractor under this clause, there shall be deducted—
 - (1) All unliquidated advance or other payments to the Subcontractor under the terminated portion of the subcontract;
 - (2) Any claim which NREL/Government has against the Subcontractor under this clause; and
 - (3) The agreed price for, or the proceeds of sale of, materials, supplies, or other things acquired by the Subcontractor or sold under the provisions of this clause and not recovered by or credited to NREL/Government.
- (l) If the termination is partial, the Subcontractor may file a proposal with the NREL Subcontract Administrator for an equitable adjustment of the price(s) of the continued portion of the subcontract. The NREL Subcontract Administrator shall make any equitable adjustment agreed upon. Any proposal by the Subcontractor for an equitable adjustment under this clause shall be requested within forty-five (45) days from the effective date of termination unless extended in writing by the NREL Subcontract Administrator.
- (m)
 - (1) NREL may, under the terms and conditions it prescribes, make partial payments and payments against costs incurred by the Subcontractor for the terminated portion of the subcontract, if the NREL Subcontract Administrator believes the total of these payments will not exceed the amount to which the Subcontractor will be entitled.
 - (2) If the total payments exceed the amount finally determined to be due, the Subcontractor shall repay the excess to NREL/Government upon demand, together with interest computed at the rate established by the Secretary of the Treasury under 50 U.S.C. App. 1215(b)(2). Interest shall be computed for the period from the date the excess payment is received by the Subcontractor to the date the excess is repaid. Interest shall not be charged on any excess payment due to a reduction in the Subcontractor's termination settlement proposal because of retention or other disposition of termination inventory until ten (10) days after the date of the retention or disposition, or a later date determined by the NREL Subcontract Administrator because of the circumstances.
- (n) Unless otherwise provided in this subcontract or by statute, the Subcontractor shall maintain all records and documents relating to the terminated portion of this subcontract for three (3) years after final settlement. This includes all books and other evidence on the Subcontractor's costs and expenses under this subcontract. The Subcontractor shall make these records and documents available to NREL/Government, at the Subcontractor's office, at all reasonable times, without any direct charge. If approved by the NREL Subcontract Administrator, photographs, microphotographs, or other authentic reproductions may be maintained instead of original records and documents.

ALTERNATE I

If the contract is for construction, substitute the following paragraph (g) for paragraph (g) of the basic clause:

- (g) If the Contractor and Contracting Officer fail to agree on the whole amount to be paid the Contractor because of the termination of work, the Contracting Officer shall pay the Contractor the amounts determined as follows, but without duplication of any amounts agreed upon under paragraph (f) of this clause:
 - (1) For contract work performed before the effective date of termination, the total (without duplication of any items) of—
 - (i) The cost of this work;
 - (ii) The cost of settling and paying termination settlement proposals under terminated subcontracts that are properly chargeable to the terminated portion of the contract if not included in subdivision (g) (1) (i) of this clause; and
 - (iii) A sum, as profit on subdivision (g) (1) (i) of this clause, determined by the Contracting Officer under 49.202 of the Federal Acquisition Regulation, in effect on the date of this contract, to be fair and reasonable; however, if it appears that the Contractor would have sustained a loss on the entire contract had it been completed, the Contracting Officer shall allow no profit under this subdivision (g) (1) (iii) and shall reduce the settlement to reflect the indicated rate of loss.
 - (2) The reasonable costs of settlement of the work terminated, including—
 - (i) Accounting, legal, clerical, and other expenses reasonably necessary for the preparation of termination settlement proposals and supporting data;
 - (ii) The termination and settlement of subcontracts (excluding the amounts of such settlements); and
 - (iii) Storage, transportation, and other costs incurred, reasonably necessary for the preservation, protection, or disposition of the termination inventory.

Clause 47. TERMINATION FOR CONVENIENCE OF NREL/GOVERNMENT (SERVICES) (SHORT FORM) (APR 1984)

Derived from FAR 52.249-4 (FD)

Clause 49. DEFAULT (FIXED PRICE SUPPLY AND SERVICE) (APR 1984)

Derived from FAR 52.249-8

(Applies to fixed price subcontracts for supplies and services.)

- (h) (1) NREL may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Subcontractor, terminate this subcontract in whole or in part if the Subcontractor fails to—

NREL Appendix B-3

- (i) Deliver the supplies or to perform the services within the time specified in this subcontract or any extension;
 - (ii) Make progress, so as to endanger performance of this subcontract (but see subparagraph (a)(2) of this clause); or
 - (iii) Perform any of the other provisions of this subcontract (but see subparagraph (a) (2) of this clause).
- (2) NREL's right to terminate this subcontract under subparagraphs (a) (1) (i), (ii), and (iii) of this clause, may be exercised if the Subcontractor does not cure such failure within ten (10) days (or more if authorized in writing by the NREL Subcontract Administrator) after receipt of the notice from the NREL Subcontract Administrator specifying the failure.
- (i) If NREL terminates this subcontract in whole or in part, it may acquire, under the terms and in the manner the NREL Subcontract Administrator considers appropriate, supplies or services similar to those terminated, and the Subcontractor will be liable to NREL/Government for any excess costs for those supplies or services. However, the Subcontractor shall continue the work not terminated.
- (j) Except for defaults of Subcontractors at any tier, the Subcontractor shall not be liable for any excess costs if the failure to perform the subcontract arises from causes beyond the control and without the fault or negligence of the Subcontractor. Examples of such causes include—
 - (1) Acts of God or of the public enemy;
 - (2) Acts of the Government in either its sovereign or contractual capacity;
 - (3) Fires;
 - (4) Floods;
 - (5) Epidemics;
 - (6) Quarantine restrictions;
 - (7) Strikes;
 - (8) Freight embargoes; and
 - (9) Unusually severe weather.In each instance, the failure to perform must be beyond the control and without the fault or negligence of the Subcontractor.
- (k) If the failure to perform is caused by the default of a Subcontractor at any tier, and if the cause of the default is beyond the control of both the Subcontractor and lower-tier Subcontractor, and without the fault or negligence of either, the Subcontractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Subcontractor to meet the required delivery subcontract schedule.
- (l) If this subcontract is terminated for default, NREL may require the Subcontractor to transfer title to the Government and deliver to NREL, as directed by the NREL Subcontract Administrator, any—
 - (1) Completed supplies; and
 - (2) Partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Subcontractor has specifically produced or acquired for the terminated portion of this subcontract. Upon direction of the NREL Subcontract Administrator, the Subcontractor shall also protect and preserve property in its possession in which NREL/Government has an interest.
- (m) NREL shall pay subcontract price for completed supplies delivered and accepted. The Subcontractor and NREL Subcontract Administrator shall agree on the amount of payment for manufacturing materials delivered and accepted and for the

protection and preservation of the property. Failure to agree will be a dispute under the Disputes clause. NREL may withhold from these amounts any sum the NREL Subcontract Administrator determines to be necessary to protect NREL/Government against loss because of outstanding liens or claims of former lien holders.

- (n) If, after termination, it is determined that the Subcontract was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of NREL/Government.
- (o) The rights and remedies of NREL/Government in this clause are in addition to any other rights and remedies provided by law or under this subcontract.

To the extent that any royalties that are included in the subcontract price are not, in fact, paid by the Subcontractor or are determined by the DOE not to be properly chargeable to the Government and allocable to the subcontract, the subcontract price shall be reduced. Repayment or credit to the Government shall be made as the DOE directs. The approval by DOE of any individual payments or royalties shall not prevent the Government from contesting at any time the enforceability, validity, scope of, or title to, any patent or the proprietary nature of data pursuant to which a royalty or other payment is to be or has been made.
 - (e) If, at any time within three (3) years after final payment under this subcontract, the Subcontractor for any reason is relieved in whole or in part from the payment of the royalties included in the final subcontract price as adjusted pursuant to paragraph (d) of this clause, the Subcontractor shall promptly notify the DOE through NREL of that fact and shall reimburse the Government in a corresponding amount.

Clause 56. INTEGRATION OF ENVIRONMENT, SAFETY, AND HEALTH INTO WORK PLANNING AND EXECUTION (DEC 2000)

Derived from DEAR 970.5223-1(FD)

(Applies to subcontracts involving complex or hazardous work that is to be performed on a Government-owned or -leased facility.)

- (a) For the purposes of this clause:
 - (1) "Safety" encompasses environment, safety, and health, including pollution prevention and waste minimization; and
 - (2) "Employees" include lower-tier Subcontractor employees.
- (b) In performing work under this subcontract, the Subcontractor shall perform work safely, in a manner that ensures adequate protection for employees, the public, and the environment, and shall be accountable for the safe performance of work. The Subcontractor shall exercise a degree of care commensurate with the work and the associated hazards. The Subcontractor shall ensure that management of environment, safety and health (ES&H) functions and activities becomes an integral but visible part of the Subcontractor's work planning and execution processes. The Subcontractor shall, in the performance of work, ensure that:
 - (1) Line management is responsible for the protection of employees, the public, and the environment. Line management includes those Subcontractor and lower-tier Subcontractor employees managing or supervising employees performing work.
 - (2) Clear and unambiguous lines of authority and responsibility for ensuring ES&H are established and maintained at all organizational levels.
 - (3) Personnel possess the experience, knowledge, skills, and abilities that are necessary to discharge their responsibilities.
 - (4) Resources are effectively allocated to address ES&H, programmatic, and operational considerations. Protecting employees, the public, and the environment is a priority whenever activities are planned and performed.

- (5) Before work is performed, the associated hazards are evaluated and an agreed-upon set of ES&H standards and requirements are established which, if properly implemented, provide adequate assurance that employees, the public, and the environment are protected from adverse consequences.
 - (6) Administrative and engineering controls to prevent and mitigate hazards are tailored to the work being performed and associated hazards. Emphasis should be on designing the work and/or controls to reduce or eliminate the hazards and to prevent accidents and unplanned releases and exposures.
 - (7) The conditions and requirements to be satisfied for operations to be initiated and conducted are established and agreed-upon by NREL/Government and the Subcontractor. These agreed-upon conditions and requirements are requirements of the subcontract and binding upon the Subcontractor. The extent of documentation and level of authority for agreement shall be tailored to the complexity and hazards associated with the work and shall be established in a Safety Management System.
- (c) The Subcontractor shall manage and perform work in accordance with a documented Safety Management System (System) that fulfills all conditions in paragraph (b) of this clause at a minimum. Documentation of the System shall describe how the Subcontractor will:
 - (1) Define the scope of work;
 - (2) Identify and analyze hazards associated with the work;
 - (3) Develop and implement hazard controls;
 - (4) Perform work within controls; and
 - (5) Provide feedback on adequacy of controls and continue to improve safety management.
- (d) The System shall describe how the Subcontractor will establish, document, and implement safety performance objectives, performance measures, and commitments in response to NREL/DOE program and budget execution guidance while maintaining the integrity of the System. The System shall also describe how the Subcontractor will measure system effectiveness.
- (e) The Subcontractor shall submit to the NREL Subcontract Administrator documentation of its System for review and approval. Dates for submittal, discussions, and revisions to the System will be established by the NREL Subcontract Administrator. Guidance on the preparation, content, review, and approval of the System will be provided by the NREL Subcontract Administrator. On an annual basis, the Subcontractor shall review and update, for NREL's approval, its safety performance objectives, performance measures, and commitments consistent with and in response to NREL/DOE program and budget execution guidance and direction. Resources shall be identified and allocated to meet the safety objectives and performance commitments as well as maintain the integrity of the entire System. Accordingly, the System shall be integrated with the Subcontractor's business processes for work planning, budgeting, authorization, execution, and change control.
- (f) The Subcontractor shall comply with, and assist NREL/DOE in complying with, ES&H requirements of all applicable laws and regulations, and applicable directives identified in the clause of NREL's Prime Contract entitled "Laws, Regulations, and DOE Directives." The Subcontractor shall cooperate with Federal and non-Federal agencies having jurisdiction over ES&H matters under this subcontract.
- (g) The Subcontractor shall promptly evaluate and resolve any noncompliance with applicable ES&H requirements and the System. If the Subcontractor fails to provide resolution or, if at any time, the Subcontractor's acts or failure to act causes

substantial harm or an imminent danger to the environment or health and safety of employees or the public, the NREL Subcontract Administrator may issue an order stopping work in whole or in part. Any stop work order issued by the NREL Subcontract Administrator under this clause (or issued by the Subcontractor to a lower-tier Subcontractor in accordance with paragraph (i) of this clause) shall be without prejudice to any other legal or contractual rights of NREL/Government. In the event that the NREL Subcontract Administrator issues a stop work order, an order authorizing the resumption of the work may be issued at the discretion of the NREL Subcontract Administrator. The Subcontractor shall not be entitled to an extension of time or additional fee or damages by reason of, or in connection with, any work stoppage ordered in accordance with this clause.

- (h) Regardless of the performer of the work, the Subcontractor is responsible for compliance with the ES&H requirements applicable to this subcontract. The Subcontractor is responsible for flowing down the ES&H requirements applicable to this subcontract to subcontracts at any tier to the extent necessary to ensure the Subcontractor's compliance with the requirements.
- (i) The Subcontractor shall include a clause substantially the same as this clause in lower-tier subcontracts involving complex or hazardous work on site at a Government-owned or-leased facility. Such lower-tier subcontracts shall provide for the right to stop work under the conditions described in paragraph (g) of this clause. Depending on the complexity and hazards associated with the work, the Subcontractor may choose not to require the lower-tier Subcontractor to submit a Safety Management System for the Subcontractor's review and approval.

Clause 57. AFFIRMATIVE PROCUREMENT PROGRAM - SERVICES, SUPPLIES, AND CONSTRUCTION (SPECIAL) (OCT 2008)

Derived from DEAR 970.5223-2 (MAR 2003)

(Applies to subcontracts for services, supplies, and construction.)

- (a) Definitions.
 - (1) "Comprehensive Procurement Guidelines" means the Comprehensive Procurement Guideline (CPG) program that is part of EPA's continuing effort to promote the use of materials recovered from solid waste. Buying recycled-content products ensures that the materials collected in recycling programs will be used again in the manufacture of new products. Through CPG, EPA designates items that must contain recycled content when purchased by federal, state, and local agencies, or by government contractors and subcontractors using appropriated federal funds. An updated list of designated and proposed products with the accompanying recycled-content recommendations is located at:
<http://www.epa.gov/osw/conservetools/cpg/index.htm>
 - (2) "Environmentally preferable products and services, recycled content products, and biobased products" means those products and services that are listed as a designated or proposed product or service on the EPA CPG and the USDA's comprehensive program for designating biobased products located at <http://www.biopreferred.gov/?SMSESSION=NO>. These products and services have a lesser or reduced effect on human health and the environment when compared to other products and services that serve the same purpose. This comparison may consider raw materials acquisition,

- production, manufacturing, packaging, distribution, reuse, operation, maintenance or disposal of the product or service.
- (b) In the performance of this subcontract, the Subcontractor shall make maximum use of environmentally preferable products and services, recycled content products, and biobased products in accordance with 40 CFR 247.
 - (c) The Subcontractor shall advise the NREL Subcontract Administrator if it is unable to procure such product because the product is not available--
 - (1) Competitively within a reasonable time;
 - (2) At a reasonable price; or
 - (3) Within subcontract performance requirements.
 - (d) Data Reports.
Upon request by the NREL Subcontract Administrator, the Subcontractor shall provide for each NREL fiscal year a data report that includes the following information, at a minimum:
 - (1) Quantities used and prices of CPG listed environmentally preferable products and services, recycled content products, and biobased products.
 - (2) Quantities used and prices of non-CPG listed environmentally preferable products and services, recycled content products, and biobased products.

Clause 58. PROPERTY (SPECIAL) (OCT 2008)

Derived from DEAR 970.5245-1 (DEC 2000) and Alternate 1 (Dec 2000)(FD)

(Applies to all subcontracts where Government Property is to be furnished to or acquired by the Subcontractors.)

(Alternate 1 applies if the Subcontractor is a non-profit.)

- (a) Furnishing of Government property.
NREL/Government reserves the right to furnish any property or services required for the performance of the work under this subcontract.
- (b) Title to property.
Except as otherwise provided by the NREL Subcontract Administrator, title to all materials, equipment, supplies, and tangible personal property of every kind and description purchased by the Subcontractor, for the cost of which the Subcontractor is entitled to be reimbursed as a direct item of cost under this subcontract, shall pass directly from the vendor to the Government. NREL/Government reserves the right to inspect, and to accept or reject, any item of such property. The Subcontractor shall make such disposition of rejected items as the NREL Subcontract Administrator shall direct. Title to other property, the cost of which is reimbursable to the Subcontractor under this subcontract, shall pass to and vest in the Government upon:
 - (1) Issuance for use of such property in the performance of this subcontract;
 - (2) Commencement of processing or use of such property in the performance of this subcontract; or
 - (3) Reimbursement of the cost thereof by NREL/Government, whichever first occurs.

Property furnished by NREL/Government and property purchased or furnished by the Subcontractor, title to which vests in the Government, under this paragraph are hereinafter referred to as Government property. Title to Government property shall not be affected by the incorporation of the property into or the attachment of it to any property not owned by the Government, nor shall such Government property or any part thereof, be or become a fixture or lose its identity as personality by reason of affixation to any realty.

NREL Appendix B-3

- (c) Identification.

To the extent directed by the NREL Subcontract Administrator, the Subcontractor shall identify Government property coming into the Subcontractor's possession or custody, by marking and segregating in such a way, satisfactory to the NREL Subcontract Administrator, as shall indicate its ownership by the Government.
- (d) Disposition.

The Subcontractor shall make such disposition of Government property that has come into the possession or custody of the Subcontractor under this subcontract as the NREL Subcontract Administrator may direct during the progress of the work or upon completion or termination of this subcontract. Upon completion or termination of this subcontract, the Government through NREL shall:

 - (1) Determine if the equipment is excess:
 - (2) Make the equipment available to all other Government agencies: and
 - (3) Conduct an auction to dispose of the equipment if no other agency is interested in the property.

If the above does not result in disposition of the equipment, then the Subcontractor may, upon such terms and conditions as the NREL Subcontract Administrator may approve, sell, or exchange such property, or acquire such property at a price agreed upon by the Government through the NREL Subcontract Administrator and the Subcontractor as the fair value thereof. The amount received by the Subcontractor as the result of any disposition, or the agreed fair value of any such property acquired by the Subcontractor, shall be applied in reduction of costs allowable under this subcontract or shall be otherwise credited to account to NREL/Government, as the NREL Subcontract Administrator may direct. Upon completion of the work or the termination of this subcontract, the Subcontractor shall render an accounting, as prescribed by the NREL Subcontract Administrator, of all Government property which had come into the possession or custody of the Subcontractor under this subcontract.
- (e) Protection of Government property-management of high-risk property and classified materials.
 - (1) The Subcontractor shall take all reasonable precautions, and such other actions as may be directed by the NREL Subcontract Administrator, or in the absence of such direction, in accordance with sound business practice, to safeguard and protect Government property in the Subcontractor's possession or custody.
 - (2) In addition, the Subcontractor shall ensure that adequate safeguards are in place, and adhered to, for the handling, control and disposition of high-risk property and classified materials throughout the life cycle of the property and materials consistent with the policies, practices and procedures for property management contained in the Federal Property Management regulations (41 CFR chapter 101), the Department of Energy Property Management regulations (41 CFR chapter 109), and other applicable regulations.
 - (3) High-risk property is property, the loss, destruction, damage to, or the unintended or premature transfer of which could pose risks to the public, the environment, or the national security interests of the United States. High-risk property includes proliferation sensitive, nuclear related dual use, export controlled, chemically or radioactively contaminated, hazardous, and specially designed and prepared property, including property on the militarily critical technologies list.
- (f) Risk of loss of Government property.

NREL Appendix B-3

- (1) The Subcontractor shall not be liable for the loss or destruction of, or damage to, Government property unless such loss, destruction, or damage was caused by any of the following:
 - (i) Willful misconduct or lack of good faith on the part of the Subcontractor's managerial personnel;
 - (ii) Failure of the Subcontractor's managerial personnel to take all reasonable steps to comply with any appropriate written direction of the NREL Subcontract Administrator to safeguard such property under paragraph (e) of this clause; or
 - (iii) Failure of Subcontractor managerial personnel to establish, administer, or properly maintain an approved property management system in accordance with paragraph (i) (1) of this clause.
- (2) If, after an initial review of the facts, the NREL Subcontract Administrator informs the Subcontractor that there is reason to believe that the loss, destruction of, or damage to the Government property results from conduct falling within one of the categories set forth above, the burden of proof shall be upon the Subcontractor to show that the Subcontractor should not be required to compensate NREL/Government for the loss, destruction, or damage.
- (3) In the event that the Subcontractor is determined liable for the loss, destruction or damage to Government property in accordance with (f)(1) of this clause, the Subcontractor's compensation to NREL/Government shall be determined as follows:
 - (i) For damaged property, the compensation shall be the cost of repairing such damaged property, plus any costs incurred for temporary replacement of the damaged property. However, the value of repair costs shall not exceed the fair market value of the damaged property. If a fair market value of the property does not exist, the Government through the NREL Subcontract Administrator shall determine the value of such property, consistent with all relevant facts and circumstances.
 - (ii) For destroyed or lost property, the compensation shall be the fair market value of such property at the time of such loss or destruction, plus any costs incurred for temporary replacement and costs associated with the disposition of destroyed property. If a fair market value of the property does not exist, the Government through the NREL Subcontract Administrator shall determine the value of such property, consistent with all relevant facts and circumstances.
 - (iii) The portion of the cost of insurance obtained by the Subcontractor that is allocable to coverage of risks of loss referred to in paragraph (f) (1) of this clause is not allowable.
- (g) Steps to be taken in event of loss.

In the event of any damage, destruction, or loss to Government property in the possession or custody of the Subcontractor with a value above the threshold set out in the Subcontractor's approved property management system, the Subcontractor:

 - (1) Shall immediately inform the NREL Subcontract Administrator of the occasion and extent thereof;
 - (2) Shall take all reasonable steps to protect the property remaining; and
 - (3) Shall repair or replace the damaged, destroyed, or lost property in accordance with the written direction of the NREL Subcontract Administrator. The Subcontractor shall take no action prejudicial to the right of

NREL Appendix B-3

NREL/Government to recover and, therefore, shall furnish to NREL/Government, on request, all reasonable assistance in obtaining recovery.

- (h) Government property for NREL/Government use only.
Government property shall be used only for the performance of this subcontract.
- (i) Property Management.
 - (1) Property Management System.
 - (i) The Subcontractor shall establish, administer, and properly maintain an approved property management system of accounting for and control, utilization, maintenance, repair, protection, preservation, and disposition of Government property in its possession under the subcontract.
